

System Sensor – Company Overview

World Leader in **Fire and Life Safety** Devices Since 1984.

Our Background

- Established in 1984
- Became a Honeywell company in 2000 as part of the Pittway Group acquisition
- World's largest manufacturer by unit volume of fire detection and notification products
- Global presence with 2,000+ employees in facilities on five continents

Our Vision: We shall deliver the most innovative life saving solutions by placing our people and our customers at the center of everything we do.

Our Worldwide Presence

 **World Headquarters**
St. Charles, IL - Full Manufacturing

 **Full Manufacturing**
Juarez, Mexico
Trieste, Italy
Xi'an, China
Gurgaon, India

 **Light Manufacturing**
Mississauga, Canada
Moscow, Russia

 **Marketing & Technical Support**
United Kingdom (multiple locations)

 **Sales Offices**
Sao Paulo, Brazil
Buenos Aires, Argentina
Zurich, Switzerland
Beijing, China
Chongqing, China
Shanghai, China
Shenzhen, China
Taiwan
Singapore
Melbourne, Australia

 **Sales & Service Office**
Hong Kong

A Honeywell Company

Honeywell

\$39.1 Billion in Sales (2013) | 131,000+ Employees | 1,300 sites, 68 countries

A Honeywell Company – Automation & Control Solutions

Honeywell

Our Product Offering – Aspirating Smoke Detection

- FAAST Fire Alarm Aspiration Sensing Technology™
- Highly Accurate Very Early Warning Fire Detection
- Extensive Remote Monitoring and Communications Capabilities
- Ideal for Protecting High-Value Assets, Processes, and Data

Our Product Offering – Audible Visible Notification

- Indoor and Outdoor Strobes, Speakers, Speaker Strobes, Chimes, Chime Strobes, Horns and Horn Strobes
- Emergency Communications and Mass Notification Products
- Low Frequency Sounders, Low Frequency Sounder Strobes, and ExitPoint™ Directional Sounder

Serving engineered system distributors via commercial fire alarm control OEMs and security alarm dealers via security equipment distribution and OEMs.

Our Product Offering – Commercial Fire Channel

- Intelligent Smoke Detectors and Modules
- Audible Visible Notification
- Specialty Detection (high-sensitivity aspirating, spot, duct smoke detection, beam smoke detection, multi-criteria smoke detection and carbon monoxide detection)

Serving engineered systems distributors via commercial fire alarm control OEMs.

Our Product Offering – HVAC Channel

- InnovairFlex™ Conventional and Intelligent Duct Smoke Detectors
- InnovairFlex™ Watertight Duct Smoke Detectors
- High-Sensitivity Duct Smoke Detectors
- Remote Test and Annunciation Accessories

Serving HVAC OEMs, and mechanical contractors via HVAC distribution.
